Class Policies

Academic Integrity/Plagiarism:

The purpose of higher education is to provide students the opportunity to express and discuss freely their views and opinions without fear of retaliation or judgement. All students are obligated to conduct themselves in a reasonable manner towards themselves, their peers, staff, faculty, the administration, and the physical property of the college. Types of behavior which will not be tolerated include but are not limited to plagiarism, cheating, examination impersonation, submitting any work for two separate classes, harassment of any kind, vandalism, and substance abuse. Plagiarism is defined as the act of using, copying, or taking someone else's work as your own. If you are in doubt concerning citation or collaboration, please contact your instructor before proceeding with a course of action. Possible penalties for such actions could include (but are not limited to) receiving a failing grade for the assignment, failing the class completely, and/or expulsion from the college.

Plagiarism is defined as the act of using, copying, or taking someone else's work as your own. If you are in doubt concerning citation or collaboration, please contact your instructor before proceeding with a course of action. Plagiarized papers, even one sentence, will receive a grade of ZERO and may result in your removal from this class. When an academic integrity violation is processed against a student, the student is no longer allowed to return to class, and the student is no longer allowed to turn in any further coursework without permission of the instructor. Once a student is sent a notification of an Academic Integrity violation that results in failure of the course, the failing grade will be applied at the end of the semester, regardless of whether the student processes a withdrawal from

this course. Withdrawing from this course does not erase the Academic Integrity violation or the associated sanctions levied against the student.

Attendance/Participation Policy:

Regular and punctual class attendance is expected at Temple College. A lack of regular attendance is defined as missing the equivalent of two weeks of instruction in a 16-week semester (the equivalent amount of time may be fewer class periods in shorter terms). Attendance includes the completion of assignments by the instructor's posted deadlines. Failure to adhere to the attendance/participation policy may result in being dropped from the course. (taken from the Temple College Website under Attendance/Participation Policy) If you are going to be absent for a school-related activity, a UIL Absence Form must be completed **PRIOR** to the date of absence to be counted as excused.

Classroom Behavior:

All students will act appropriately for the classroom environment. Should there be any questions please consult the academic integrity section above. There will be no cell phones allowed during class time, unless allowed by the instructor. ***Any use of a cell phone during class will result in its immediate forfeiture.***
